## COMMENTARY

---

It is important to analyze and know how to explain the retelling of everything that occurred the day in which the Lord Jesus Christ gave his life for our sins. This is with the purpose of being able to see the impact of all those events in the culmination of his death and burial.

We can appreciate an order of events that will help us see everything that happened, and maybe reach an appreciation of the death of our Savior even more.

If all these events, for being quite many, took place all day, these would be the 1440 greatest minutes for humanity; minutes in which each event took us to the moment where God shows his great love for us, giving his Son.
